

E-filing of Income Tax made easy

Saturday, 21st June 2014

“ Electronic or e-filing of income tax has made it very easy and convenient for the assessee to file returns. It takes only five minutes if you have good internet service, but one has to know the procedure how to go about with it ” explained Mr. Dilip Sahakari during his recently held workshop on “How to file income tax returns” at The International Centre Goa, Dona Paula.

Sahakari, a Financial Consultant demonstrated how to open an online account for e-filing of returns. He also showed how this can be done easily on laptop or smart phone. Steps on how to go about with e-filing were then explained. E-filers commonly come across obstacles due to incorrect passwords. The importance of passwords and how to retrieve them by entering key parameters were explained in more detail. He explained that this method is fully safe as it is difficult to hack your account as reset password is sent on your registered mobile and link is sent on your email.

Sahakari will be having another workshop on 'Operation of DMAT account and loans against shares' on Saturday, 19th July at ICG. In the workshop he explain in details of having and maintaining a DMAT account which is the essential pre-requisite for trading in the share market.
